

SOFTWARE

NEW! Reliable Cloud Service for Seamless Access to MiTek Software

MiTek[®] CLOUD[™]

MiTek[®] Cloud[™] is a cloud-managed service for your MiTek CM Software Suite—now, built on Microsoft Azure.

BENEFITS

- **Stronger Cybersecurity:** Reduces risk with enterprise-grade security and continuous monitoring.
- **Enterprise Data Protection:** Safeguards intellectual property with encryption and compliance controls.
- **Always-On Availability:** Ensures access to critical applications and data, minimizing downtime.
- **World-Class Support:** Proactive monitoring and incident response guarantee maximum uptime.
- **Optimized Performance:** Leverages Azure's global power for fast design experiences.
- **Remote Design Enablement:** Allows designers to collaborate and create from any device and location.
- **Centralized Data:** Streamlines project information distribution across multiple manufacturing facilities.
- **Cost Efficiency:** Lowers IT costs by eliminating on-premises hosting.

*Microsoft Azure is a trademark of the Microsoft group of companies.
